HIGH POTENTIAL INDIVIDUAL VISA

The High Potential Individual Visa is available to recent graduates of top global universities who wish to work, or look for work, in the UK.

The High Potential Individual route does not lead directly to settlement in the UK. However, before your leave expires, you may be able to apply from within the UK to switch into another immigration route which does lead to settlement. Applicants may be joined or accompanied by a partner and dependent children.

Requirements for a High Potential Individual Visa

In order to qualify for a High Potential Individual Visa, you will need to satisfy UK Visas and Immigration that:

- You are aged 18 or over;
- You have, in the last 5 years, been awarded an overseas degree level academic qualification from an institution which appears on the Global Universities List;
- You are competent in the English language to at least CEFR Level B1 (equivalent to IELTS 4.0);
- You have enough money to support yourself without relying on public funds;
- You have not previously been granted permission under the Student Doctorate Extension Scheme, as a Graduate or as a High Potential Individual;
- You have provided a valid TB certificate, if required.

The exact requirements you will need to satisfy may vary depending on your circumstances. You may want to speak to an immigration lawyer for expert advice.

Global Universities List Overseas Degree Requirement

In order to qualify for a High Potential Individual Visa you will need to have been awarded an overseas degree level academic qualification.

Your overseas degree level qualification must have been awarded in the 5 years before the date of your High Potential Individual Visa application.

The institution which awarded your degree must appear on the Global Universities List in respect of the date when you were awarded your degree. The Global Universities List is a list of universities published by the Home Office, which is compiled on an annual basis and consists of all institutions that are ranked in the top 50 of at least two of the following ranking systems:

- Times Higher Education World University Rankings;
- Quacquarelli Symonds World University Rankings;
- The Academic Ranking of World Universities.

The High Potential Individual Visa Global Universities Lists for the last 6 years can be viewed below. You should select the list for the month and year you were awarded your qualification:

1 Nov 2024 to 31 Oct 2025 (https://www.gov.uk/government/publications/high-potential-individual-visa-global-universities-list/high-potential-individual-visa-global-universities-list-2024)	1 Nov 2023 to 31 Oct 2024 (https://www.gov.uk/government/publications/high-potential-individual-visa-global-universities-list/high-potential-individual-visa-global-universities-list-2023)
1 Nov 2021 to 31 Oct 2022 (https://www.gov.uk/government/publications/high-potential-individual-visa-global-universities-list/high-potential-individual-visa-global-universities-list-2021)	1 Nov 2020 to 31 Oct 2021 (https://www.gov.uk/government/publications/high-potential-individual-visa-global-universities-list/high-potential-individual-visa-global-universities-list-2020)

You will need to provide confirmation from Ecctis that your qualification meets or exceeds the recognised standard of a UK bachelor's or UK postgraduate degree. Ecctis will also confirm the date when you were awarded your degree.

If you are an international student who has completed an eligible UK degree then you may qualify for the **Graduate Immigration Route** (<https://immigrationbarrister.co.uk/personal-immigration/student-and-graduate-visas/graduate-visa/>) instead.
